Stanford University School of Medicine,
Stanford University Medical Center,
STANFORD, California 94305, U.S.A.

My dear Josh,

I have been anxious to find a little time to meet with you and discuss WHO matters. A fleeting opportunity now presents itself - as I will be stopping over in San Francisco for one evening, namely Friday, April 26th, on my way to a Brook Lodge Meeting. If you happen to be in town, could we find an hour or two together that evening? I will be flying on to Brook Lodge, Michigan on the Saturday morning.

Warm good wishes.

Yours sincerely,

G. J. V. Nossal

* That would be fine: but the time is exactly when Margaret is expecting to deliver. So I will surely be here, and we can take our chances on coincident distractions.

Yours,
